

VERTICAL SLIDER

The new Vertical Slider from **Consort** is a modern vertical sliding sash window that combines classic, elegant detailing from the Georgian era with the very latest production techniques and technologies.

The cutting edge design incorporates modern low line beads, enhanced weather protection and inward opening sashes that allow easy cleaning.

It is a stylish window with incredibly low maintenance.

And as you would expect from a company with over twenty years experience, the vertical sliding sash window complies with the building regulations concerning thermal efficient glass.

For further information on the new sliding sash window, please contact the sales team on **01623 440 880**
